GOVERNOR ROBERT FLOYD KENNON

## G O V E R N O R O F

Robert Floyd Kennon, governor of Louisiana, has an interesting record of leadership that began in his days as a student at Louisiana State University. While a freshman at L.S.U. he had the highest scholastic record in his class and received an award for the best average in the university. In his senior year he was captain of his R.O.T.C. company and lettered in football and tennis. He was also president of the Y.M.C.A., member of the Honor Council, vice-president of the Inter-Fraternity Council, member of the University debate team, and of Scabbard and Blade. Such a record led to his membership in Mu Sigma Rho, national scholastic honorary, Tau Kappa Alpha, national debate society, and Phi Pi, national law society.

After he received his LL.B. degree from L.S.U. in 1925, he began the practice of law in his hometown, Minden. At the

age of 23, he was elected mayor, at that time the nation's youngest mayor.

Governor Kennon attended the Command and General Staff school at Fort Leavenworth, Kansas, and served with the Ninth Army in Europe, where he was decorated by King Paul of Greece.

In 1954 he was elected President of the Council of State Governments.

Since his 1952 election, Governor Kennon has been residing in Baton Rouge with Mrs. Kennon and their three sons, Kenwood, Charles, and Robert Floyd, Jr., who is now a freshman at L.S.U.

Lieutenant General Troy H. Middleton has been a familiar figure at Louisiana State University for almost twenty-five years. It was in 1930 that he first began a six year term as Commandant of Cadets and during the last two years of this term was also Dean of Men. Since that time he has served L.S.U. in four other capacities—that of Dean of Administration, Acting Vice-President, Comptroller, and since February 1, 1951, President of the University.

General Middleton was born in Georgetown, Mississippi, on October 12, 1889. It was after his graduation from Mississippi State College in 1909, that he became a private in the Army. The first service of his exemplary career was during the Mexican campaigns in 1912. He was the Army's youngest full colonel in World War I and kept this rank upon his military retirement in 1936. But this retirement was not permanent since he was recalled in 1942 to command the 45th Division. Later, as commander of the Eighth Corps, he was credited with "a stroke of genius" by General George Patton because of his decision to hold Bastogne at the Battle of the Bulge.

General Middleton's abilities have been derived not only from his experience in military and administrative fields, but the teaching field also since he has taught at L.S.U. and several Army institutions.

Thus we have a picture of a man who is a soldier, a teacher, and an administrator—Troy H. Middleton.

DANIEL BORTH  
*Comptroller*

JOHN HUNTER  
*Registrar*

### DR. DANIEL BORTH

Dr. Daniel Borth has been comptroller of L.S.U. since 1951 when he replaced General Middleton. As such he is in charge of all business and financial affairs of the University, under the direction of the Board of Supervisors and the President. His explicit duties include assisting the President in budget preparation, control of the University's budget operations, supervision of all accounting and preparation of financial reports, collection of institutional income, negotiation and execution of all contracts except for land and construction, operation of all central stores, preparation of inventories and control of all University property.

Besides his administrative job, Dr. Borth also teaches one course in the College of Commerce where he began his L.S.U. career in 1935 as an assistant professor.

### DR. JOHN A. HUNTER

Dr. Hunter's job as registrar of L.S.U. requires in general that thousands of students be correctly recorded in the University files three times a year. His other primary concerns are counseling students and maintaining a friendly attitude toward students. Despite the time-consuming job of registrar, Dr. Hunter is very active in the realm of teaching. In the College of Education he teaches two graduate courses and is the major professor for about fifty students. This knowledge of school administration and school law are the reasons why he is a speaker in demand, and a consultant for many educational organizations.

## DR. CHARLES E. SMITH

Dean Smith is the chief academic officer, who has the task of coordinating the academic programs of the colleges and schools with general University regulations and policies; approving all appointments and promotions of academic personnel; making educational reports and surveys of the academic problems at L.S.U.; and supervising preparation of all University catalogues and bulletins. Besides this he also must assign all building space to be used for academic purposes, be an ex-officio member of all standing faculty committees, and represent the President in his absence from the campus.

## HELEN B. GORDON

Dean Gordon first came to the office of Dean of Women at L.S.U. in 1947. Her previous experiences made her well-equipped for the job, since she was Assistant Dean of Women and Assistant in Psychology at the University of Louisville for two years, and Associate Dean of Women and Instructor in Psychology at Southwestern at Memphis for four years. Since her deanship at L.S.U. she has served as Secretary of the University section of the National Association of Deans of Women and as Chairman of the National Association of Deans of Women. Dean Gordon is also a member of Chi Omega, Delta Kappa Gamma, Mortar Board and Alpha Lambda Delta.

## ARDEN O. FRENCH

After his graduate work at the Y.M.C.A. Graduate School in Nashville, Tennessee, the University of Cincinnati and Columbia University, Dean French began his activities at L.S.U. in 1930 as General Secretary of the Young Men's Christian Association. He also served as Director of Foreign Students and Chairman of the Department of Religious Education, until 1940 when he became Dean of Men. This office involves being a general counselor to all men students, receiving reports from the departments of Men's Housing, Campus Security, and Social Recreation. His other responsibilities are the general supervision of men's student organizations, acting as an advisor to social fraternities and as chief counselor to student government. Dean French reports directly to the President of the University.

## MILTON HARRISON

Mr. Harrison is a native of Louisiana and an alum of L.S.U., where he received his L.L.B. degree from the Law School in 1941. He returned in 1946 as a member of the teaching staff and later was appointed Assistant to the President. His competent service under two presidential administrations, includes relieving the President of many of the administrative details of that office.

## MEDICAL SCHOOL

DR. WILLIAM W. FRYE  
*Dean of the Medical School*

Seated in the heart of the Crescent City, New Orleans, away from the main Louisiana State campus, the LSU Medical School strives to train potential physicians and surgeons to the best of their ability. Constant research in all biological and bio-chemical phases, is carried on by the professors to insure the students of the most recent discoveries in the field of medicine. On the social side of the med students' calendar lies one feature event of the year—the Faculty-Student Banquet, held in early May, providing the students and faculty members with an opportunity to relax and enjoy themselves. The feature of the past year, 1954-55, has been the addition to the older buildings of a new extension facing Tulane Avenue.

DEAN PAUL M. HEBERT  
*Dean of the Law School*

The Law School of Louisiana State University is dedicated to the training of young lawyers in the Civil Law tradition. To foster this objective the individual student is encouraged to actively participate in Law Review and Moot Court activities. The Student Bar Association affords an opportunity for the student to meet outstanding members of the Louisiana Bar. Highlighting this program is the annual Law Day which, this year, honored such outstanding law graduates as Governor Robert F. Kennon, Mayor de Lesseps Morrison of New Orleans, and Senator Russell B. Long.

The primary purpose of the College of Arts and Sciences is to afford the student a liberal education, which by its nature is broad rather than narrow, devoted to intellectual development and discipline rather than to the acquisition of technical skills. It should give the student some knowledge of the achievements of the human mind, with special reference to the Western civilization of which both the ancient world and contemporary America are parts; of the historical and cultural backgrounds essential to a true understanding of our world; above all, of orderly thinking processes and of a scale of values by which he can distinguish the permanent and the trivial, the substantial and the pretentious, the good and the bad.

# COLLEGE OF AGRICULTURE

The College of Agriculture, Louisiana State University, was established by Act of Congress in 1862. The research or experiment station division was established by Act of Congress in 1887, and the agricultural and home economics extension division was established by Act of Congress in 1914.

The aims of the College are threefold:

1. To train agricultural and home economics leaders in all phases of Agriculture.
2. To conduct a program of scientific research pertaining to Agriculture and Home Economics.
3. To take this information to the farms and homes throughout the state of Louisiana so that it can be successfully put into practice.

So the major aim of the College is to serve the people of the state of Louisiana.

The outstanding events from year to year are as follows:

1. Farm and Home Week.
2. The 4-H Club and FFA district and state livestock show.
3. The two convocations held during the year—one in the Fall and one in the Spring.
4. Numerous meetings held here on the campus and throughout the state sponsored by the College of Agriculture.

The College of Chemistry and Physics was organized as the Audubon Sugar School with curricula in sugar technology and sugar engineering in 1893. Since the time of its organization, the College has grown steadily. It has a faculty numbering thirty full time people. In addition, there are some 60 graduate research and teaching assistants. The College offers degrees in Chemistry, Biochemistry, and Physics. At the present time, the number of students which we are able to graduate in these fields is less than one-third of the number which could profitably be placed in industrial, academic, and research positions. The College is accredited nationally by all accrediting organizations and has a fine national and international reputation.

The College of Engineering is an integral and a very important unit of the Louisiana State University and Agricultural and Mechanical College.

Ever since the establishment of L.S.U., engineering has been taught. Its graduates occupy important positions in Louisiana, in the United States, and in the world, requiring men and women trained in the fundamentals of the various engineering curricula, as well as in the ability to think, to act and to get along with others.

During 1954-55, the faculty of the College of Engineering, among other duties, has been cooperating with the Committee on Evaluation of Engineering Education of the American Society for Engineering Education, in studying the various engineering curricula, with the purpose in mind of educating our students so that they will be prepared to cope with the problems of the technological world in which we are living.

DR. BARRETT STOUT  
*Director of the School of Music*

The School of Music was established as a School in 1931, with Dr. H. W. Stopher as the first Director. Before that date it had functioned as a department. The school became a member of the National Association of Schools of Music in the same year.

The educational purpose of Louisiana State University School of Music is directed toward assisting the individual student to the fullest possible development of his innate musical gifts and helping him to make the musical arts a constructive cultural asset in his own life and that of his fellow men, to the extent that this will be compatible with his own interest and happiness and that of the community in which he will live.

The school furthermore aims to provide opportunities to the greatest possible number of students to share in the heritage of the musical culture of the human race and in turn to contribute to this culture.

Some of the annual activities the school sponsors are: Festival of contemporary music; opera productions; instrumental and vocal clinics; band, orchestra and choral concerts.

*Director of the School of Social Welfare*

The School of Social Welfare was established in 1937 to provide professional education for social work on the graduate level. It prepares social workers for positions in child welfare, family case work, psychiatric social work, public welfare, probation work, school social work, and social welfare administration. Completion of its two year program leads to conferral of the degree of Master of Social Work.

# JUNIOR DIVISION

DEAN STEPHEN A. CALDWELL

The Junior Division was organized twenty-one years ago for the following purposes:

- (1) To give closer supervision to first-year students.
- (2) To allow students at least one year after entering college to decide on future plans.
- (3) To give beginning students the benefit of careful guidance.
- (4) To furnish senior colleges with a selected group of well-prepared students.

Some of the specific things which have been carried on in the Junior Division are:

- (1) A testing system.
- (2) Trained Counselors through the Junior Division office.
- (3) A Remedial Reading course.
- (4) The Junior Division curriculum has required a certain amount of general education for all students.
- (5) A faculty system of advising has been developed.

# THE STUDENT COUNCIL

President of the Student Body, Roy L. Beard

Vice-Pres. Seth Lewis and Co-ed Vice-Pres. Argiro Louchis

The Student Council is the highest agency of Student Government in the University. It is the main channel for all Student Legislation. The Council conducts all nominations and voting procedures in all class elections, legislates on matters referred to it by University authorities, and on all matters of supervision and coordination of student activities. Besides promoting general student welfare, the Council has the power to pro-

pose amendments to the Student Government Constitution.

The 1954-55\* Council has a very good record of accomplishments, which includes the alteration of the Honor Court to an Honor Council, the appointing of a representative committee to work on the drinking problem, the planning of a Varsity Show, and the promoting of L.S.U.'s participation in "Who's Who in American

Colleges and Universities." Also the Council sponsored numerous social activities, such as the Louis Armstrong and Harry James dances, the International Week Dance, the Homecoming Dance, and the Big Open House for the Texas Tech game. Besides these activities and the general work of setting-up committees and appropriations, this year's Council successfully negotiated to obtain a Mardi Gras holiday and the extension of phone hours.

# SENATE

The Student Senate is composed of the Vice-President and Secretary of each of the schools and colleges of the University, the President of each class of each college and school, the Vice-President and Secretary of the Junior Division, three representatives appointed by the President of the Junior Division and two representatives appointed by the President of Arts and Sciences, headed by the Vice-President and Co-Ed Vice-President of the Student Body. The Senate is part of the Legislative Department of Student Government, and its primary function is to promote the general welfare of the student body through legislation in cooperation with the Student Council and University Administrators.

Some of the projects carried out successfully during the 1954-55 session were:

1. The moving of the LSU-Tulane "rag" to the Field House, and the placing of works of art in the Field House Lounge.
2. The improvement of menus in the girls' cafeterias.
3. The sponsoring of the United Givers Fund Drive.
4. Submission of modified election rules to the student body.

Associated Women Students is composed of all undergraduate coeds at L.S.U. The main purposes of A.W.S. are to promote student participation in the government of women's residence halls and to assist in freshman orientation. The general function of the group is to coordinate the activities of women's organizations on the campus. This is done through an annual girls' leadership conference and a point system for the number of major campus offices a woman student may hold. The work of A.W.S. is done by its elected officers, the Advisory Board, the Governing Council, and by the Judicial Board.

Left to right: Lynn Butler, Mary Elizabeth Smith, Pat Champagne, Ruth Fowler, Jo Rhodes, Carolyn Cappel and Nelda Mitchell.

The girls elected each year as dormitory presidents assume a dual responsibility. The main job of a dorm president is to preside at the meetings of the House Council, which is the representative governing body in each dormitory. She also appoints committees and represents her dorm at certain functions. Besides having these duties similar to other presidential offices, dorm presidents also have duties of a personal nature that arise from being in the close association of everyday living with those whom they represent and lead.

Outside of their individual dormitories, these girls comprise the Judicial Board, which handles cases of serious infraction of the rules by women students.

Mortar Board, a national honor society for senior women was founded in 1918 at Syracuse, New York, by a group of delegates from four campuses. In September of 1954 there were eighty-seven chapters throughout the United States.

The original honor society of senior women at LSU was Blazers, founded during the session 1921-22. In 1934 Blazer Chapter was installed as a Mortar Board group.

Every year Mortar Board co-sponsors with Omicron Delta Kappa the Leadership Convocation. At this time Blazer Chapter presents a cup to the Outstanding Freshman Girl of the preceding year. As a part of its program to encourage scholarship the chapter holds an annual "Smarty Party" honoring junior women who have maintained at least a two-point average during their freshman and sophomore years.

In the Spring comes the Honor's Day Convocation at which Mortar Board "caps" the girls who will be next year's chapter. These junior women are elected by the chapter on the basis of their scholarship, leadership, and service.

Alpha Epsilon Delta is a National Premedical Society, founded at the University of Alabama on April 28, 1926. The local chapter was established in January, 1954, when a local group, Beta Tau Mu, petitioned the National Society.

The object of the Society is to encourage excellence in premedical scholarship, to promote cooperation and contacts between medical and premedical students and educators in developing an adequate program of premedical education, and to bind together similarly interested students. An active member is a premedical student who has completed three semesters of premedical work with an 80% scholastic average.

Chapter activities include meetings where subjects of interest to premedical students are discussed by faculty members, physicians, or qualified personnel from medical schools. The showing of motion pictures of a medical nature, and trips to visit hospitals, and medical schools and centers are scheduled.

The Geology and Mining Society, established at LSU in 1925, is an organization for students in geology and petroleum engineering. For selection to membership in this society, a student must have completed at least half of the work required for graduation as well as having maintained an average grade of C or higher.

G & M, as it is often referred to, fosters the highest ideals of character and leadership and promotes friendship among the students and faculty of these departments. The society also serves to bring its members into contact with successful men of the profession. The interest and enthusiasm of the members, professors, and friends of G & M are evidenced in the prideful and practical contribution made to the campus and academic life of LSU.

La Clef, Architectural Engineering Society, is designed to sup-  
plement the required curriculum with informative programs which  
help to acquaint the architectural students with various phases of  
architecture and related fields, and to better acquaint them with  
each other through social functions.

In pursuit of these goals, the organization sponsors a series of  
social meetings culminating in the annual Senior Banquet, in addi-  
tion to the regular program meetings at which guest speakers and  
films are featured.

La Clef also sponsors departmental competitions, which this year  
have included competitions for a club emblem, and for the Engi-

Pi Mu Alpha Sinfonia was founded on October 6, 1898, at the New England Conservatory of Music in Boston, Massachusetts, as a professional and honorary fraternity for men in music.

The objectives of Sinfonia are to advance the cause of music in America, and to promote and foster the mutual welfare and brotherhood of students in music.

Since its founding Pi Mu Alpha Sinfonia has grown beyond the dreams of its Founders. Today there are one hundred and thirty-one chapters, approximately three thousand active college men, and an alumni program involving some twenty-five thousand men.

Pi Mu Alpha Sinfonia is the oldest, largest and most influential of its kind in America.

## KAPPA PHI KAPPA

There are still many vacancies in the teaching profession for men and Kappa Phi Kappa showed that many men are responding by more than doubling its membership in the last year. A national professional fraternity in education, Kappa Phi Kappa brings these young men together under a bond of common aspiration. They are able to gain many ideas from their association with practicing teachers, graduate students and faculty members. Plans have been made by the Alpha Psi Chapter here at L.S.U. to form new chapters at two of the nearby colleges.

This chapter proudly claims as one of its members John Swider, who is a candidate for a Fullbright Scholarship. He was chosen for his very high scholastic average and outstanding qualities of leadership. Preparation has also been made for the part taken each year by the group in the annual College of Education Day.

In the late fall of every school year each male organization on campus is allowed to and requested to nominate two girls to compete in the "Darling Contest." These organizations, including all men's dorms, honoraries, military groups, and fraternities, after electing their nominees, send two representatives to act as judges at the preliminary presentation of the girls . . . from this meeting the finalists are chosen, and the all-male vote proves who will be "Darling." The 101 nominees for this year appear below.

The GUMBO is the official annual of Louisiana State University. Its staff's job is that of collecting the year's activities in words and pictures.

The Board on Publications chose Fleta Roubieaux editor in the spring of '54 at the same time announcing Argiro Louchis associate. The staff includes assistants Pat Coco, Judy Conrad, Willa Wendler, Marie Campbell, Mary Jack Wintle, Mary Jo Monsour, Ruth Cayer, and Lou Richards, plus members of the staff, Diane Harvey, Mary Jane Fuller, Camille McEachern, and Punky Ware. Photographers are Pat Hughes and J. H. McGovern; Joseph Planas edited the sports section.

The main feature and task of '55 was putting the book out in May—the first time this has happened since 1949.

"*The Daily Reveille* is a student newspaper, published by Louisiana State University and edited by students mainly for student readers," according to the official *Reveille* policy book.

Yet this is a generalization, and before the staff can turn out its 55 issues a semester for the University community, a number of specifics must be worked out.

To prevent duplication *The Reveille* often works in co-operation with the Baton Rouge papers, the Department of Public Relations and the athletic publicity office.

Also, the working hours of the staff must be scheduled around the full scholastic load staff members are required to carry. The work of the student staff must be adapted to the hours of the full-time mechanical staff which operates the \$36,000 worth of machinery in the "backshop" in the South "L" Barracks.

## NEWS WORTH PRINTING

The actual work of news-gathering begins in *The Reville*

editorial office in Alumni Hall, with the assigning of stories and pictures to the 12 reporters and 8 photographers. Most of these workers receive class credit for their work.

Even before the reporters are assigned, the advertising staff has been at work selling ads. These ads are drawn in on the dummies, which are blank sheets of paper the size of a *Reville* page. When completed these dummies are turned over to the editorial staff.

After the reporter turns in his copy it is edited by a paid staff member, and placed on the dummy along with pictures and headlines. The process of "making-up" and headline writing are usually completed by midnight and the materials are taken to the backshop.

The next morning the backshop crew sets the copy into type. The type is inked and a printed image is reproduced. This image, or proof, is given to the proofreader who corrects typographical, grammatical and spelling errors. While the type is being set, cuts of the pictures are made by the engraving department.

After typesetting and engraving are complete, all that remains is the actual makeup of the page. The metal type and the engravings are placed in metal frames, with each story and picture placed as it was drawn in on the dummy. A final page proof is taken, corrections are made by a news editor and *The Daily Reville* is ready for the press.

By this time, however, the rest of the staff is back at Alumni Hall at work on the next edition.

The *Louisiana Law Review* is a publication of a professional nature established to serve both the Law School and the members of the bar by presenting scholarly discussions of all phases of the law, with emphasis upon current cases and legal problems. Articles published in the Review are written by outstanding members of the legal profession and by members of the Law Review, who are students of high scholastic standing. The student writers, through their articles, are provided an incentive for individual research, analysis, and further scholastic attainment. The Board of Editors, under faculty supervision, is responsible for the publication.

## D E L T A

This is *Delta's* ninth year, and a year in which *Delta* came closer than ever to its goal of becoming a truly representative student literary magazine.

The editorial staff, and Dr. John Wildman, the faculty advisor, felt that every interested student, regardless of his major, should be encouraged to submit material (poetry, short stories, essays, art, etc.). All too often, students in fields other than English will hesitate to contribute to a campus literary magazine. This tends to give the publication a certain lack of balance. *Delta* wanted to be a *student* magazine in every sense of the word. After all, the staff members ranged from English and French majors all the way over to Commerce and Law students. Why not the same range from the contributors?

The response this year was gratifying. Students from practically every department sent in material, enabling *Delta* to achieve that fine balance so much desired.

This seems to prove that *Delta* is meeting its challenge of providing a student outlet for creative expression at L.S.U.

Serving as the official publication of the College of Engineering, the *L.S.U. Engineer* was born in 1949. It is published five times annually, and is edited by an entirely student staff.

Through the medium of semi-technical writing, this magazine provides articles of interest to engineering students, and this year, more than ever before, to all students of the campus interested in the recent development of this increasingly industrial world.

"Engineering is not a monopolized or limited profession. The genius of imagination, precision, persistency and versatility is not separated by nations or enclosed by natural boundaries. The actual limit to

success is contained in the degree to which the apprentice engineer shows initiative, knowledge, courage, enthusiasm and integrity in applying the aforementioned qualities."

It is in an attempt to uphold and foster the deep respect the engineering profession has earned that "The Engineer" has strived; for, through the progress of his accomplishments and his continually proven ability, the endeavors and exploits of his forefathers, his service to the world, the engineer has become highly regarded. He is looked upon for leadership.

Through his inventive genius and technical know-how he has become the keystone of society.

**T**HE Speech department has served up a wide variety of drama, appealing to all tastes—the delightfully zany, the classic tragedy, the philosophical thought-provoker. Against an expressionistic setting *Beggar on Horseback* was a fast moving fantasy of distortion and exaggeration in dream sequences, a satirization of American customs. *MacBeth* moved from the familiar witch chant, “Double, double, toil and trouble . . .” progressing through Lady MacBeth’s famous hand washing scene with “Out, out, damn spot!” As we go to press, controversial arguments still flame over the meaning and symbolism of *The Trial*.

These are the onstage impressions, but there are also the backstage jitters, the tingle of excitement as a stage hand calls up to the dressing rooms, “Curtain, five minutes,” and that first step before the footlights. These are the actor’s memories. And then there was the after party . . .

SHE'S a Metropolitan Opera Star now, acclaimed by all, curtain call after curtain call, bouquets of roses . . . the work is hard, but the rewards are great: a glamorous life before footlights, her name often in the society headlines . . . and where did it all begin? Why in the L.S.U. operatic performances.

Thus dreams many a future prima donna of the operatic world, and perhaps some of our young aspirants, as they took their places for the Music department's production of *Angelique* and *Romeo and Juliet*, built just such airy castles in the sky. Someday a few of these castles may materialize . . .

**M**USIC beguilingly reaches out across the footlights and draws in an enraptured audience. The orchestra, in sophisticated black and white, is the Pied Piper who enchants by a spell of music. Simultaneously bows move across the strings at exact angles, feet involuntarily beat the rhythm, every stroke spells perfection. Behind the scenes, work has been going on for many weeks preparing for the big occasion, the Concert. Even at the Dress

Rehearsal, where no one dresses up, last minute changes are made, and Dr. Stroke urges the participants to put themselves into their playing so the audience will feel the mood. The night of the performance everything must run like clock work—this is the end result of much planning and practice. The curtain is raised, the baton descends, music issues forth.

**S**MALL in number, but strong in the love of their country, the *Spirit of '76*—the fifer, the drummer, the flag bearer—inspired American forces in their fight for Independence. From this meager beginning, bands have blossomed forth and now represent an ingrained American tradition. The memory of John Phillip Sousa, the March King, arises often as bands all over the country play his stirring marches.

And part of this tradition is the L.S.U. band with colorful performances at the football half-times. In one spectacular show the L.S.U. band followed the progress of light through the ages in honor of the Electric Power and Light Company's Anniversary. L.S.U. also played host to Louisiana high school bands one half-time. Another musical element on campus is the military band.

**C**INDERELLA had nothing on the L.S.U. coed. There have been quite a few dances of many and varied descriptions. Prominent among the entertainment was the Name Band Dance with Harry James, whose band includes an L.S.U. grad. Another major event was the Military Ball, taking place amid much flourishing of swords. Ranging from the Latin American observance of Columbus Day to the Freshman Day and Texas Tech dances and even to the newly set-up Dorm Dances, L.S.U. students have had the opportunity to escape the fate of "All work, and no play . . ." as they moved to the rhythm of music.

**F**OR its symbol the U.S. has Uncle Sam of the striped pants and high top hat fame . . . and L.S.U. boasts it Darling, symbol of Southern beauty, charm and hospitality, and in whose honor the Gumbo Ball is staged. Highlighting the pre-Christmas season was this year's extravaganza, built around a modernistic decor.

Finally the gripping suspense was broken with the presentation of the court and then the Darling, radiantly smiling. The Gym Armory can't take many more ovasions like that! The U. S. can have Uncle Sam . . . L.S.U. would rather have Fran.

**M**ODERN Dance is a creative art form which involves rhythmic body movement, and which is performed by an individual or a group for the purpose of expressing an idea, an emotion, and an experience. Besides being a wholesome physical activity, modern dance helps to improve posture and to develop poise and coordination. While students are learning to move gracefully and expressively, they also find that dance helps them to relax and enjoy themselves.

**H**ONORING outstanding leaders on campus, the Fall Convocation was highlighted by the tapping of eleven new members by Omicron Delta Kappa and the awarding of the Most Outstanding Freshman Girl cup by Mortar Board. Introduced by President Middleton, Dean Smith in his address emphasized the relation between educational and leadership qualities. Sara Latham, president of Mortar Board, presided over the assembly.

**T**HE familiar "home away from home" offers fellowship and recreation in addition to its recognized purpose of religious instruction. Retreats, discussion groups, deputation teams, Noon-day services as well as those on Sunday are a few of the activities encouraged by Student Centers, while the "Y" offers an ecumenical atmosphere.

**O**NCE there was a great pot in which was being mixed the finest dish ever concocted. The nations of the world contributed to the contents, some adding many articles, others only one or two. At first it was hard to stir together because the contributions were of such different origins. But an ingredient was found that smoothed out all the tangles in this great melting pot . . . and the ingredient was Brotherhood.

**T**HEY said the Ole War Skule hadn't any Spirit left, that it was broken with defeat. But the spirit flamed again. All it needed was some fluid, furnished by a little girl. Now it's up to the students to take up the flame and carry on. L.S.U. is a school of which to be proud—Let's show it!

# ALPHA CHI OMEGA

Beta Gamma was established at LSU in 1926. It maintained a sorority house off campus until the university moved to its present location when Alpha Chi became one of the first of the women's fraternities to move into the Panhellenic building. Since then its stature has steadily risen until now it has both local and national prestige.

We can boast of one of the six LSU cheerleaders, Emily Jane Richard; a vice-president of the Junior class of the College of Education, Martha Ann Nettles; nominees for Agricultural Queen, Ann Bardin and Charlene Montero; a nominee for Engineering Queen, Coralie Dolese; a member of Mortar Board and president of Sigma Alpha Iota, Marion Davenport.

The activities of the year include a visit from the Province President, Miss Ann Morrow; a Christmas party given for an orphanage given in conjunction with Phi Gamma Delta; a Founder's Day banquet; the annual formal; a State Day held in Shreveport which the chapter attended en masse; an open house for the alumnae; and several surprise parties throughout the year given by and for the pledge class.

# ALPHA DELTA PI

We are the oldest secret society for women, and were founded at Wesleyan Female College, Macon, Georgia, on May 15, 1851. We are proud of our history and work constantly for A. D. Pi.

This has been a very successful year for us. When we came to school in September, our newly decorated room inspired us to do great things. During the term we placed third in sorority homecoming decorations, for the second straight year. Our alumnae entertained actives and pledges with a Christmas party and a hayride.

Our most outstanding A D Pi is Argiro Louchis: a coed vice-president, GUMBO favorite, member of Mortar Board, a national finalist in the Woodrow Wilson Scholarship Award Program, and Who's Who. Mona Henderson and Berneita Main both serve as freshman advisors and officers of Alpha Lambda Delta, secretary and treasurer, respectively.

Four of us help plan and organize the Gumbo. Argiro Louchis serves as associate editor, Judy Conrad and Pat Coco as assistant editors, and Jo Ann Cain as a staff member. Jean Elder and Barbara Spencer were initiated into Mu Sigma Rho, Liberal Arts Honorary, and Mona Henderson into Alpha Beta Chi, Commerce Honorary. Mona is also serving this year as vice-president of her class in the College of Commerce, and Barbara is a member of Honor Council. Barbara Magaw was the recipient of the Arts and Sciences Honor Scholarship this fall, Sylvia Hervey played a role in "Macbeth," and Marty McVay was a maid in a New Orleans' Carnival Ball. To top off the honors A D Pi's won this year, our own president and vice-president—Karla Neuhauser and Pug Johnson—served as the president and vice-president of Lambda.

# ALPHA OMICRON PI

Alpha Omicron Pi was founded in 1897 at Barnard College, Columbia University. L.S.U. Alpha Omicron Chapter was established in 1938. During rush week, the AOPi's held an AOPie Party and Red Rose Tea. Our pledge Banquet was held at the home of Mrs. Horace Wilkenson in Port Allen. The chapter was honored during the fall with the visit of Mrs. Josephine Doerweiler, National President. Among the many activities we engaged in during the year were: the surprise Halloween party for the pledges, the Founder's Day Banquet, Christmas Party, the Easter Party for the children at Blundon Orphanage, an annual formal and Banquet on the Mardi Gras theme, and the annual Senior Breakfast. At Christmas, clothing and toys were sent to the Frontier Nursing Service in Kentucky. Also at this time, the pledges gave a skit and then presented our president, Debbie Young, with a lovely gift.

All the AOPi's enjoyed their annual houseparty in Pass Christian and look forward to it soon again.

This year AOPi was awarded the Homecoming poster trophy. Rowena Simoneaux was an ROTC sponsor and was nominated for Darling of L.S.U.

# BETA SIGMA OMICRON

Alpha chapter of Beta Sigma Omicron was founded at the University of Missouri, Columbia, Missouri. Later in 1929 Alpha Rho of L.S.U. was established. Beta Sig of Alpha Rho began a successful year with the pledging of twenty-four girls. Highlights on the year's calendar included these events: a movie party, Beta Sigmascope; a hayride; Founders Day Banquet; making a "Dennis the Menace" billboard for Homecoming; a Jester's Ball; a Big-Little Sister Scholarship Banquet; and the Senior Banquet.

Marilyn Vetter scored the lone touchdown in the Powder Puff game in connection with the KA Charity Bowl. Outstanding Betas include Jan Dunlap, Panhellic president, most outstanding Junior Coed, and Mortar Board; Liz Modinger, YWCA president; Nonie Dunlap, Newman Club province president; Zoe Ramsey, Mademoiselle College Board, and Art Editor of The AWS Etiquette Book; Irabelle Dana, College Board, and *Reveille* news editor. Beauties include Peggy Wilson, Pan American Queen; Dawn Barre, maid in the Sugar Cane Festival Court; Marie Granada and Carolyn Berthelot, nominees for Darling. REW chairmen included Market Vick, Carole Grafton, Genny Odom, and Mary Jane Ramsey. Genny had roles in several plays and was YWCA veep. Carole was a member of Mu Sigma Rho. Marie Fitzgerald was on the moral commission; Shirley Hannie and Betty Bryant were WRA officers and Jan Dunlap and Mary Jane Ramsey were named to Who's Who in American Colleges and Universities.

# CHI OMEGA

Phi Gamma of Chi Omega was founded at L.S.U. in 1924. Its mother chapter, Psi, has been at the University of Arkansas since 1895.

In January, Phi Gamma celebrated its 31st year at L.S.U. with a tea honoring alumni. The Chi Omegas began the year by filling their quota of 31 during rush. For the second year, Chi Omega sports the athletic plaque, song and skit trophy, and the scholarship cup. Stewart was named Little Colonel of the R.O.T.C. and Farrell, Odom, deGeneres, Fields, Harkey, and Taylor were sponsors. Vastine was named "Outstanding Freshman" in the University, as well as Alpha Lambda Delta prexy. Farrell, for the second time was named Darling of L.S.U. with Fields in her court. Yancey, deGeneres, and McLin were GUMBO favorites. Wendler was elected President of the Sophomores in Education and Coco was vice-president of W.R.A. Breed, Parrish, and Stewart were awarded membership in Mu Sigma Rho, and Coco, Madden, and Schneider became members of Kappa Delta Pi. Rhodes and Cappel were elected President of their dormitories, and Pellerin placed second in the Frosh Talent Show. GUMBO assistant editors were Cayer and Wendler. Among Chi Omega's activities was a coco party for the faculty, Christmas party for the underprivileged children, and a Spring Formal at Mike and Tony's.

# DELTA DELTA DELTA

Delta Delta Delta was founded at Boston College on Thanksgiving Eve, 1888. Since that time it has become an international sorority with 96 chapters throughout the United States and Canada. Delta Omega Chapter at L.S.U. was founded February 27, 1934.

Highlighting the year are many activities such as: pre-rush houseparty, Founder's Day Banquet, Pine Party, the Tri Delta formal, our chapter birthday party, Delta Week, the Tri Delta scholarship award, Pansy breakfast, and many other pledge-active functions.

We are proud of the many and varied activities, organizations, and events in which our members participated this past year. Pete Melton, Delta Omega's President, was also President of Delta Gamma Delta Intersorority. Not only was Mimi Leake President of AWS and a member of Mortar Board and Kappa Delta Pi, but she was selected to Who's Who. Dot Raxdale was elected Vice President of the College of Education, June Day became President of W.R.A., Jerrienne Bowling won Secretary-Treasurer of J.D., and Rose Gerald was elected Vice President of Louise Garig. At convocation Marilyn Caillouet was awarded the trophy for outstanding freshman girl in Home Economics.

Libby Colvin was chosen Queen of Homecoming, and our decorations won second place. Libby was also Little Colonel of the Air Force, while Betty Ann Landry and Emily Rose donned military uniforms to serve as sponsors. The chapter was happy to say that Alice House, Linda Taylor, Jo Lynn Rhoades, and Marilyn Caillouet are in Alpha Lambda Delta. Mary Lou Harris was M.I.T.'s Sweetheart of Sigma Chi. Betty Ann Landry was chosen as a GUMBO beauty and Barbara Bienvenu was a favorite.

# DELTA GAMMA

Delta Gamma Fraternity was founded in 1873 at Lewis School, Oxford, Miss. There are now 80 chapters, one of the younger ones being Gamma Zeta of L.S.U.

Gamma Zeta started this school year in high fashion, with a newly redecorated room and a full quota of thirty-one pledges. One of our major activities was the pledge-active retreat. Other activities include holiday parties, participation in WRA sports, the annual fall truckride to Windy Bend, and our spring formal.

Gamma Zeta is especially proud of its activities in the area of the fraternity's national philanthropic work—"Sight Conservation and Aid to the Blind." Our chapter has two Girl Scout Troops and one Brownie Troop at the Baton Rouge Blind School. Ann Fortner, Barbara Richardson, and Lou Richards are in charge of the troops. Also six Delta Gammas were freshmen advisors this year. Three Delta Gammas, Martha Haymes, Diane Cross, and Barbara Luft, made Alpha Lambda Delta; and Lou Richards is a member of the Morale Commission. Another outstanding member is Helen Saint, Secretary of AWS.

# DELTA ZETA

Delta Zeta was nationally founded at Miami University, Oxford, Ohio, by the establishment of Alpha chapter in 1902. Sigma chapter, here at L.S.U., was founded in 1902. Charity-wise, Sigma chapter won the trophy for selling the most tickets to the Charity Bowl Game. Along the same line, we dyed Easter eggs for the Deaf School and serenaded the Old Folks Home with Christmas Carols.

On the campus, we were proud to have so many girls serving as officers in organizations. Betty Garde is president of Phi Upsilon Omicron; Pat Champagne, president of Annie Boyd; Gail Gibbons, secretary-treasurer of the college of Education; Billie Harvey, secretary-treasurer of the college of Agriculture; Betty LaBorde, secretary-treasurer of Phi Sigma Iota; and Magda Lieux, state historian of the Home Ec. Club. Serving as freshman advisors are June Sutton, Pat Broussard, and Norma Archard. Among our campus beauties are Marianne Hurst and Pet Dupriest. Marianne and Patsy Wilson are our campus ROTC sponsors. Connie Bergeron was on the Homecoming Court.

In other fields, June Sutton, who co-edited the Pan-Hellenic Handbook, was the winner of the City Pan Hellenic Award. Kappa Delta Pi recognized Betty Gaude, Barbara Hebert, and Barbara Blumer. In the field of dramatics, Verien Norton has a major role in the summer major production. We also have three A Capella choir members.

On the athletic side, we took second place in the WRA swimming meet and came in fifth place in the WRA bowling tournament.

# KAPPA DELTA

Kappa Delta was founded at Virginia State Normal College in 1897; Epsilon Chapter was established at L.S.U. in 1909. K D activities during the past year have been many and varied. Kappa Delta started the 1954-55 session with a very successful rush week, pledging thirty-one girls. Highlights of the year included the annual house party, the pledging supper held at the Governor's Mansion, the Founder's Day Banquet, a Christmas party for orphans given in conjunction with the S A E's, the sorority Christmas party, White Rose Week, the K D formal, and the spring garden party.

On the drill field four K D's were proud to sponsor Air Force and Army companies. They were Betty Collier, Kay Lynch, Elayne Prados, and Joan McRaney. Lynn Butler was elected president of West Hall; Carol Kennedy, vice-president of Evangeline; and Liz Smith president of Pleasant. Darling finalists included Betty Collier, Elayne Prados, Carolyn Parker, and Joan McRaney. Kay Lynch was a maid in the Block and Bridle Rodeo Court. Kappa Delta copped first place in the sorority division of decorations for Homecoming and Mary Rose Kettering was chosen as queen of Freshman Day. Freshman advisors included Pat Downey, Claire Wilson, and Emma Lane.

# KAPPA KAPPA GAMMA

Kappa Kappa Gamma was founded in 1870 at Monmouth, Illinois. The LSU Chapter was organized in 1935. Kappa began the 1954-55 session with the pledging of thirty-one girls. The pledges immediately got into the swing of campus activities. Cole was elected vice-president of Junior Division; O'Quinn copped the title of president of Evangeline Hall; Haynes served as one of the Tiger Cheerleaders; Trammell sang her way into the top spot in the Freshman Talent Show; and Cole and Hair were ROTC sponsors.

Active Kappas also found their names included in the campus spotlight. Mortar Board's ten members include three Kappas—Bean, Berry, and Mitchell. These three girls were also listed in "Who's Who in American Colleges and Universities." Berry had a place on the LSU Honor Court. Mitchell served as President of the College of Education. Queen of the LSU Rodeo was Cusachs and on her court was Gray. ROTC sponsors were Aycock and Berry. Members of the GUMBO beauty section were Gray and Cusachs. Other outstanding features included a Founder's Day Banquet, a joint Christmas party with the Dekes for underprivileged children, a chapter Christmas party, a Spring Formal, a Social with the Sigma Chi's, and a spring houseparty on the Gulf Coast.

# PHI MU

Phi Mu was founded at Wesleyan College, Macon, Ga., in 1852. The Alpha Eta Chapter was organized at L.S.U. in 1934.

The Alpha Etas began an unusually successful rush season, pledging 31 rushees at its end. These pledges were to make us extra proud by holding a 2.5 over-all scholastic average at the end of the first semester. Sara Latham presided as President of Mortar Board, Fleta Roubieaux edited the Gumbo, Baby Knight and Mable Richardson held offices in Lambda and DGD, Cherry Rogers was elected president of the Inter-Dormitory Council. Mable Richardson was also president of the Freshman Counselors, Billie Yawn held the secretary-treasurer's position of S.A.I., national music fraternity, Jeanne Garvey assisted the editing of *Delta*, Paggy Fuerst helped edit the *LSU Engineer*, and Nelda Mitchell was elected president of Highland Hall. The chapter won the athletic events of bowling and riflery, taking places in paddleball and tennis. Upon announcement of Who's Who in American Colleges and Universities we discovered that Sara Latham and Fleta Roubieaux had merited the list. We look forward to the spring semester with softball and golf tournaments and the Alpha Phi Omega songfest with expectation.

# PI BETA PHI

Pi Beta Phi was organized at Monmouth College, Monmouth, Illinois in 1867; in 1936 Louisiana Beta was established. We began the '54-'55 session with a bang by copping the WRA Swimming Trophy for the third consecutive year. The first semester of the school year was highlighted by a visit from Mrs. Floyd Hightower, Province President; a Christmas party for orphans given with the ATO's; a tea given for Mrs. Benjamin Lewis, Grand Council officer; Arrow Week; and the Pi Phi Frozen Fantasy formal. In addition, the Pi Phi's enjoyed a taste of football when they collaborated with the BSO's to defeat the combined efforts of the Chi Omega's and the Tri Deltas. The Pi Phi's are proud of R.O.T.C. sponsors Jackie Baker, Nelda Ruth Barnett, Roan Guesenberger, and Rita Grace Albright; Nancy Oliver, Freshman Day Court; Ann Stirling, Captain of the Rifle Team; Roan Geisenberger, Block and Bridle Rodeo Court; Gayle Allen, Vice-President of Highland Hall; Ann Osborn, Pershing Rifle Sponsor; Sue Ellwood, President of the Junior class in Commerce; Ann Osborn and Roan Geisenberger, Darling Court; Rae Cupples and Roan Geisenberger, Homecoming Court; Carolyn Roberts, President of Physical Education Mayors Club; and Alberta Mitchell, News Editor for *The Reveille*.

Alpha Epsilon Phi was founded in 1909 at Barnard College, Columbia University. Alpha Theat chapter was established in 1938. The first highlight of the year was the pledge banquet at Bob and Jake's restaurant. During the year a Treasure Hunt was given honoring the pledges, a semi-formal dance for members and their guests was presented by the pledges and music was provided by the Mad Lads. The highlight of the year was the initiation banquet. The formal and banquet were held on the Heidelberg Roof. To complete the year of social activities we had the Senior Breakfast and a tea honoring our Moms for Mother's Day. The pledges gave their annual party for some of the orphans in Baton Rouge, and all the members volunteered for service in the various charity drives and gave aid in the hospitals.

We were proud to be the recipients of the Alpha Epsilon Phi Sorority second-place award for cooperation and efficiency among its chapters.

Carol Moskovitz became a member of Alpha Lambda Delta, and freshman advisors were Minette Smith, Toots Marcus, Sharon Cohen and Lynette London.

# ALPHA XI DELTA

Alpha Xi Delta Fraternity was founded in 1893, at Lombard College, Galesburg, Illinois. The Louisiana State Beta Iota Chapter was founded in 1938.

Throughout 1954 members and pledges enjoyed many and varied activities. At Thanksgiving the Alpha Xi's provided a Thanksgiving basket for a needy family. At Christmas pledges and actives entertained their dates at a festive Christmas supper and party held in the sorority room.

As usual, Alpha Xi's took an active part in W.R.A. sports. Jean Gardner won the ping-pong championship for the second consecutive year. We also participated in volley-ball, bowling, and tennis.

In the spring our annual Founder's Day banquet will be held in New Orleans in conjunction with the New Orleans alumni. The spring formal will take place in April.

With such a successful and exciting year behind Alpha Xi Delta, everyone is looking forward eagerly to an even better 1955.

## DELTA GAMMA DELTA

Delta Gamma Delta is a local Intersorority which was organized in 1916. The object of the organization is to unite the various sororities of LSU in a closer bond of friendship and to further the feeling of good will among them. Membership is composed of a maximum of five girls from each sorority, the girls being chosen on the basis of leadership, character, and congeniality.

Along about December a very distinctive group of girls could be seen around the campus. They were sporting the red "devil's cap." This cap was worn as a symbol of their pledgeship to Delta Gamma Delta. After a week of fun and frolic, these girls discarded their caps and took on the sign of full membership, the gold devil's pin. In the spring we will have our annual softball game with our arch rival, Lambda, which we always look forward to. Before the end of the school year Delta Gamma Delta has a banquet to round out the year's activities.

Pan-Hellenic Council is composed of a junior and senior delegate from each sorority. The Council strives to promote good will among the sororities and to unify the interests of sorority and non-sorority women on the campus. The offices are filled by the senior members in rotation. One of the projects for the year was the Texas Tech "Open House" which the Council co-sponsored with the Student Council and the interfraternity Council.

# ALPHA TAU OMEGA

The Alpha Tau Omega Fraternity was founded on September 11, 1865 by three Confederate veterans of the Civil War. These three young men had seen and experienced the horror of a civil conflict which pitted countryman against countryman. Upon returning to their college pursuits at Virginia Military Institute, they decided to make an attempt to reunite the young men of the North and South in a brotherhood based on a common belief in the principles of Christianity. Hence the founding of Alpha Tau Omega.

Since 1865, the fraternity has grown from a small southern nucleus to a large national fraternity that embraces the entire United States and part of Canada. There are 120 active chapters in this area. In addition, 65,000 men hold membership cards, of which a large amount gather every two years at the Biennial Congress of the Fraternity. The Central Office is located at Champaign, Illinois.

Louisiana Epsilon Zeta Chapter was established in February, 1940. In September 1951 the Chapter opened its new house on Dalrymple Drive and since then has grown to be an integral part of the Fraternity System at LSU.

# DELTA KAPPA EPSILON

Once again, Delta Kappa Epsilon led the social parade at L.S.U. A highly effective rush week was climaxed by our annual Monte Carlo Party and the welcoming of new pledges at the party following the Alabama football game. Throughout the fall, the Dekes gathered at the house for a party following every football game. 1954 was brought to an end on a high key with the Christmas Dance. The new year began in a roaring fashion with the Dog-Patch Party, which was acclaimed by many to be one of the best in our history. With the Formal, the Covington Picnic, the Pledge-Active Party, the Bowery Party, and the numerous Patio Parties, the Dekes can expect a full spring semester. In spite of the active social calendar, Delta Kappa Epsilon managed to perform many civic projects such as the Christmas Party for Underprivileged Children. The Dekes were still able to maintain their high scholastic average and begin defense of their athletic sweepstakes trophy by capturing basketball for the third straight year.

# KAPPA ALPHA

The Kappa Alpha Order was founded at Washington and Lee University on December 21, 1865. The Alpha Gamma chapter was granted a charter in 1885. The Stars and Bars of Kappa Alpha rose to its greatest height as we opened this year by pledging fifty-five of the greatest boys entering the Ole War Skule this year.

Kappa Alpha's own Jerry Marchand and Gary Dildy coached our chapter to a 21-14 victory over Theta Kappa Phi in the annual Charity Bowl game, which netted a record \$1500 for the underprivileged children's fund at Christmas time.

On January 19 the Alpha Gamma chapter gathered with reverence to honor its great spiritual founder, General Robert E. Lee, at its annual Convivium Banquet.

The gay splendor of the old South was recaptured in the form of our Old South Ball, held in mid-March of this year. The KA's, dressed in costumes of Civil War era, and their lovely dates, in beautiful dresses corresponding to the same period, set about to relive life as it was in the ante-bellum age.

The feature events of an extensive social program commences with a fine camp party honoring the girls who did such a wonderful job for Kappa Alpha during rush season this year: a great Christmas Party, starring as Santa Claus, our perennial pledge, Frank Leonard; another camp party given by our fine pledge class in honor of the active members; as the end of the year rolls around, the scene is set for our annual Apache and Cowboy parties which put the lid on a banner year for the Kappa Alpha Order.

# KAPPA SIGMA

Kappa Sigma's first chapter, Zeta, was founded at the University of Virginia in 1869. About twenty years later Gamma chapter was established at L.S.U. Gamma of Kappa Sigma once again was active in all campus activities. On the political side, Seth Lewis was vice-president of the student body and president of the Student Senate. This marks the third straight year that this office has been held by a Kappa Sig. Bill Barineau with a 3-point average continued to lead the way scholastically in his class. As ROTC Corp Sergeant-Major, Bob Broadhurst was the leading junior in the cadet corp.

Kappa Sigma also began plans for construction of a new wing to be erected behind the present house. Included in these plans are a new kitchen and chapter room.

Socially, the fraternity had a good year. Starting with Rush Week in which we pledged 37 boys, parties ran throughout the year. These were highlighted by a Christmas party, banquet, a South Sea Island party, and Spring dance.

# LAMBDA CHI ALPHA

In the year 1909 Lambda Chi Alpha was founded at Boston University; Upsilon Zeta, which has the largest total membership of any Lambda Chi Alpha chapter, was founded at Louisiana State University in 1914. Upsilon Zeta is consistently among the top organizations in scholastic rating. Socially Lambda Chi is noted for its costume parties, especially the Jungle Party and the French Party. The annual Founder's Day Banquet is held on March 22.

# PHI DELTA THETA

The Phi Delta Theta Fraternity was founded at Miami University, Oxford, Ohio, December 26, 1848. The chapter on this campus was founded just ten years before the centennial which was held in 1948. This chapter was founded by Jack Bushman.

Phi Delta Theta was the first fraternity to cross the Mississippi River. It was also the first international fraternity. Three well known Phi's from this chapter are Dale Morey, one of the top amateur golfers of the nation; Jim Gardner, recently elected mayor of Shreveport; and Al Dark, team captain of the New York Giants.

We took second place in fraternities for Homecoming decorations this year which was a let-down after winning first place for the past three years.

We are planning to build a new house on the lot near the Alpha Tau Omega Fraternity house, and we expect it to be finished some time this year.

# SIGMA ALPHA EPSILON

Louisiana Epsilon of Sigma Alpha Epsilon was founded on the L.S.U. campus, then in Alexandria, in 1867; it was the first national fraternity at L.S.U. This was only twelve years after the first SAE chapter was founded at the University of Alabama.

As in the past SAE again established itself this year at the top of the social calendar. The "Sig Alphs" parties were nothing short of TREMENDOUS. Some of the outstanding parties which were the highlights of the year were the Orphans' Christmas Party, the Undertakers Ball, the Redhead date night, the Black and White formal, and the Beachcombers Ball. Not only was the fraternity at the top socially, but academically as well.

The SAE fraternity house has been the center of activities for many years—Homecoming, Christmas, and Easter parties. There is a spacious patio in the back yard where barbecues and chicken suppers are held. Members can usually bring their dates over to the House to dance on Friday nights by radio or record player.

# SIGMA CHI

Sigma Chi, which this year celebrates its centennial, was founded on June 28th, 1855, at Miami University, Oxford, Ohio. The fraternity now boasts of 123 active chapters and more than 80,000 members.

Gamma Iota chapter, established at L.S.U. in 1925, has led interfraternity scholarship for the past eight years. Among its members who belong to Omicron Delta Kappa are Bill Crawford, Don Maier, and Bill Moss. Belonging to "Who's Who" are Dick Knight, Don Maier, and Bill Crawford.

Always among the top in interfraternity athletics, the Sigs have been runner-up for the Sweepstakes Trophy for the past two years. In the field of varsity athletics are Roger Sigler and Buddy Tudor.

Outstanding events of the social season were a "Bee-bop" party, the annual "Milk and Doughnut" party, and the Pirogue Derby and Sorority Field Day.

Highlighting the year's social events was the Sweetheart Formal held during April at the Bellemont, with music furnished by Jerry Lane and his orchestra.

# SIGMA NU

In 1869, Sigma Nu, known originally as The Legion of Honor, was founded at Virginia Military Institute in Lexington, Virginia. The founders, James McIlwaine Riley, James Hopkins, and Greenfield Quarles, were mature men; and, moved by idealistic hopes, they formed a society which would instil honor and mutually benefit its members scholastically, socially, physically, spiritually and morally. In the years following, Sigma Nu grew and increased; today there are 119 chapters.

In 1883, through the efforts of David Barrow, R. M. Amacker, and others, Phi Chapter was founded upon the campus of L.S.U. A chapter house was built and later sold. In 1938 the members and alumni of Phi Chapter cooperated to build the present chapter house on Fraternity Row.

Phi Chapter has gained strength through the years. The chapter is proud, not only of its many alumni who have distinguished themselves in various fields, but also of its high standing on the campus that it has established and maintained throughout the years.

# PHI GAMMA DELTA

Phi Gamma Delta is one hundred seven years old. Rising out of the sentiments of a group of six young men who wished to establish their ideals in a fraternity organization, Phi Gamma Delta has become an important part in the college life of thousands of "Fijis."

Beta Rho Chapter at L.S.U. was founded in 1948. The eighty-one other chapters of our fraternity are found in most major colleges in this country and Canada.

This past year has found the brothers of Beta Rho working to complete the building of our new lodge, which we plan to move into this fall. The lodge, which is to be single story, should furnish a pleasant change in fraternity row.

Prominent Fijis on campus include: Joe Don Powell, Speaker of the Student Senate; three other members of the Senate: Jared Evans, Phil Hablutzel, and Oran Ritter; Jerry Beauregard, President of the YMCA; three members of the University Debate Squad; Phil Hablutzel, Jerry Tarver, and Jack Gilbert.

# THETA KAPPA PHI

Theta Kappa Phi was nationally founded in 1919 at Lehigh University, Bethlehem, Pennsylvania. Xi at L.S.U. was founded in June of 1938. Theta Kappa Phi of Xi started off the school year with a bang, having pledged one of the largest groups on campus this past fall. During the year they consistently fielded top competition in interfraternity athletics. To climax the football season TKP was invited to participate in the Annual Charity Bowl. Together with Kappa Alpha they succeeded in raising more money for the underprivileged children than ever had been done in the history of the classic.

Among its achievements during the fall semester Theta Kappa Phi placed first in the competition for homecoming decorations in fraternity division, and also won the \$1,000 James A. Noe Trophy for the best decorations on the campus.

Some of the annual traditions to which the members look forward are the formal, award banquet, hayride, and South Sea Island party. Theta Kaps are active in many honorary and professional organizations and they participate in many extra-curricular activities.

# THETA XI

Alpha Alpha of Theta Xi was founded at Louisiana State University in 1921. It was nationally founded in 1864 at Rensselaer University, Troy, New York.

Theta Xi has enjoyed another successful year at the ole War Skule. The fraternity climaxed a successful rush week with the pledging of twenty-six men. The T X's were active in every phase of campus activities, and presented some fine performances in athletic events. Social activities for the first semester included the traditional shipwreck party during rush week, open house after all home football games, and the Christmas dance. Also of importance was the post-game party held at the Patio Royale in New Orleans after the Tulane-L.S.U. game. The Founders Day banquet and formal, at which the "Sweetheart of Theta Xi" was presented was the highlight of the second semester activities.

# PHI EPSILON PI

The Phi Epsilon Pi Fraternity was founded at the College of the City of New York on November 23, 1904. From a small beginning of seven men it has grown into the present fraternity consisting of 37 active chapters, 35 alumni associations and a total membership of over 10,000.

The Alpha Pi Chapter of Phi Epsilon Pi fraternity was founded on the Louisiana State University Campus in 1933. During the last year the chapter was honored by a visit from Grand Supervisor Macey, who presided over an initiation ceremony.

Activities for the past year included a homecoming party attended by members, pledges, and guests of the chapter.

A highlight of the social season for Phi Epsilon Pi was a truckride given in New Orleans last Mardi Gras Day. Entering into the gay spirit of the Carnival Season the Phi Eps donned various costumes and paid their homage to King Rex.

# PI KAPPA ALPHA

Alpha Gamma Chapter of Pi Kappa Alpha continued to expand and prosper during 1954-55. After many dark years the fraternity is once more on its feet on the L.S.U. campus.

Through the efforts of several local alumni and members of the chapter the house which has been looked forward to for many years is now in sight. The chapter was especially helped by the tireless efforts of alumni A. R. Johnson, J. T. Owen, and Otis Edwards.

Many parties throughout the year highlighted the social calendar. Alpha Gamma was also honored by visits from many national officers during the year.

Pi Kappa Alpha was founded at the University of Virginia in 1868, with Alpha Gamma Chapter being chartered at L.S.U. in 1903. Through its 52 years of existence Pi K A has graduated outstanding members into many walks of life. Many of these brothers were present at a reunion of Pi K A alumni at the homecoming game last fall.

## SAMURAI

In 1932, a select group of outstanding students of Louisiana State University, members of different fraternities, banded themselves together into a group. The purpose of their affiliation was the dissemination of a friendly spirit among the different fraternities on the campus, the bringing into closer fellowship of men commonly possessing the attributes of character, intelligence, culture, and the stimulation of a high idealism among these men.

The organization today consists of five members of each national fraternity which has established a chapter at Louisiana State University. Members of the national fraternities which have not established chapters at L.S.U. may be invited to join Samurai.

Samurai is an honorary social interfraternity and functions mainly as such. The social functions of Samurai are well known and eagerly looked forward to.

# PHI IOTA ALPHA

Phi Iota Alpha Fraternity was formed by the union in 1931 of the Phi Lambda Alpha and Sigma Iota fraternities, the two strongest organizations of Latin-American students in the United States at that time. Phi Iota Alpha is the only national fraternity for Latin-American students to have been founded on the L.S.U. campus.

Phi Iota Alpha alumni have spread throughout Latin-America and the United States, becoming top men in national and international life. One of our most outstanding alumni is Dr. Mariano Ospina Perez, ex-president of the Republic of Colombia, and who once held the office of secretary of our L.S.U. Chapter.

Presently we have five active chapters in the United States, and, operating on an international scale, the Juarez Chapter in Mexico, and the Marti Chapter in Cuba.

## INTER-FRATERNITY ATHLETIC COUNCIL

The Inter-fraternity Athletic Council is composed of one representative from each fraternity on the campus. The purpose of this organization is to create a better feeling among fraternities through the medium of inter-fraternity athletics. The council, in cooperation with Mr. Taylor, head of the Intramural department of the university, is responsible for the organization and conductance of the inter-fraternity athletic program. Conducting weekly meetings throughout the year the council climaxes its activities in May at the swimming meet finals with the presentation of trophies. The most esteemed of these is the Sweepstakes trophy awarded to the fraternity compiling the most points in all sports throughout the year.

The Interfraternity Council is the governing body for the entire fraternity system. It is the function of this body to formulate policy and serve as the official representative to the university for the fraternities. The IFC deals with any activities in which the fraternities as a whole are concerned, such as handling the rushing and pledging, making certain there are no conflicts in social activities, and setting up other policies which are in the interest of a strong fraternity system. Furthermore, this group represents the fraternities in working with other groups and individuals on the campus. Two of the main projects of the IFC in '54 have been co-sponsoring the Texas Tech Open House and sponsoring an all-campus dance featuring Harry James and his orchestra.

## G R E E K

After having decided that the tradition of "Hell Week" might endanger the physical condition of many pledges, the Inter-Fraternity Council planned a "Greek Week" designed for the participation of all fraternities during which all pledges performed constructive duties as painting and repairing the fraternity houses. This year Marvin Caplan, ZBT, was appointed chairman of Greek Week, administering and overseeing the programs of the various fraternities. The observation of Greek Week was celebrated with a banquet having as guest of honor Gov. Robert F. Kennon and a meeting of all housemothers to acquaint them with the program and have them exchange ideas on the subject.

Nu Sigma Nu is a National Medical Fraternity, founded March 2, 1882, at the University of Michigan Medical School, Ann Arbor, Mich. The local chapter was established in 1951 when a local group, The Caducians, petitioned the National Fraternity. At present there are forty-five chapters in almost all major accredited medical schools in the United States and Canada. Nu Sigma Nu provides a well-rounded social calendar which gives its members a means of relaxation from the scholastic and didactic aspect of Medical School life. More important, it provides its members with fellowship and stimulates mutual advances in the study and practice of medicine. In addition, it provides a common plane whereby the student members can meet with the faculty alumni to the benefit of both concerned. A highlight of the fraternity's activities is the annual lectureship which is eagerly awaited by the respective members and the student body as a whole.

# PHI BETA PI

Phi Beta Pi Medical Fraternity was founded March 10, 1891, as a local organization at the Western Pennsylvania Medical College under the leadership of John A. Hawkins. It became a national medical fraternity on April 1, 1898, with its first general assembly January 6, 1900. The fraternity now includes thirty-nine active chapters in medical schools throughout the country, plus thirty-two alumni chapters. Beta Zeta Chapter of Phi Beta Pi at L.S.U. Medical School was established January 7, 1933, but it became inactive in 1943 due to the pressure of an accelerated medical program. The chapter was reorganized in 1948. Phi Beta Pi sponsors an annual lectureship in honor of the late Dr. George W. McCoy, former Professor of Preventive Medicine at L.S.U.; an annual Christmas dance; and annual Mardi Gras dance; a Spring Formal, and several informal parties throughout the year.

Phi Chi International was founded at the University of Vermont on March 31, 1889. Lambda Sigma of Phi Chi was chartered at L.S.U. School of Medicine in November, 1932, and was the first medical fraternity founded on the campus. Lambda Sigma is one of seventy-two chapters. The year gets into swing with the annual swirl of rush parties. Various parties are held throughout the year. Some of the chapter's annual functions are the Bougalie Ball, the annual Senior Banquet, a Spring Formal and the Urban Maes Memorial Lectureship which is in honor of Dr. Urban Maes who was former head of the department of surgery at L.S.U. Phi Chi provides the necessary professional and social fellowship needed by medical students. Its aims are to promote better understanding and study among its members.

## ALPHA OMEGA ALPHA

To encourage personal honesty and the spirit of medical research among members of the medical profession, Alpha Omega Alpha was organized at the University of Illinois in 1902, and is the only order of its kind in medical schools on this continent. Beta Chapter of LSU was installed at the Medical Center in 1949. Our members are those men and women, who, as undergraduates, have given promise of becoming leaders in their professions, or who later have attained any such leadership, and honorary members—physicians who have attained distinction in any worthy line of human endeavor and persons who have gained unusual recognition in fields related to medicine. Each year the organization sponsors a lectureship offering addresses by distinguished members of the medical profession on significant trends in medicine.

**MEMBERS** FIRST Row: Charles A. Belisle, Victor Brown, Alvin Cottlar.  
SECOND Row: Robert E. Feldman, Baer Irwin Rambach.

## PHI DELTA EPSILON

From its founding at the University of Cornell Medical School in 1904, Phi Delta Epsilon has spread to all major medical schools throughout the country. Beta Omicron Chapter was founded at Louisiana State University School of Medicine at New Orleans in 1938. The purpose of Phi Delta Epsilon is two-fold. Functioning on both an undergraduate and graduate level, it serves to encourage scholarship and fellowship among undergraduates, to promote more concrete relations between undergraduate students and practicing physicians throughout the country, and to insure unity and a high grade of medicine among the physicians of today. To a lesser extent, it serves as a social unit, holding joint initiations and social functions with the Tulane chapter.

**MEMBERS** LEFT TO RIGHT, FIRST ROW: Dave Kahn, Ted Smith, John Salvaggio. SECOND ROW: Joe Rojas, Jimmy Boudreau, Carl Poche. THIRD ROW: Art Brown, Jimmy Lashley, Walter Guillot, Serpas Putnam.

## ALPHA KAPPA KAPPA

Alpha Kappa Kappa was organized at Dartmouth College in 1888, and Beta Pi chapter was established at the LSU School of Medicine in 1934. In addition to our general purpose of fostering mental development, scholarship, social intercourse and mutual assistance, annual activities are sponsored by the organization: a Spring Formal, Stag Dinner, and three rush parties. Each year Beta Pi also gives an award to the Outstanding Senior, on the basis of the selection by members of the Senior Class. Another highlight of the year is the annual Dr. Edgar Hull lecture, in which outstanding men in the field of medicine and its allied sciences give lectures of interest to all in medicine.

## ALPHA EPSILON IOTA

Alpha Epsilon Iota was founded at Ann Arbor Medical College in 1890, and LSU Psi Chapter was organized in 1938. To promote good fellowship, to maintain a high order of scholarship and professional achievement, and to foster a spirit of moral and social helpfulness are the society's chief purposes. A picnic honoring freshmen and a formal banquet are among the annual activities sponsored by Alpha Epsilon Iota.

MEMBERS FIRST Row: Alvaro Hunt, Alton Irwin, Jerry Jordan, Robert Mar-aist, Ralph Meier.

The Undergraduate Surgical Society was organized at Louisiana State University Medical Center in 1934. Members are chosen from the junior and senior classes on the basis of scholastic achievements. The purpose of the organization is to further advance studies in surgery and its various branches and to encourage the individual members to do scientific investigations of their own. The aims of the society are achieved mainly through extra-curricular group discussion and approved lectureships under the guidance of the surgical staff at the Medical Center.

The Undergraduate Medical Society, an honorary organization, was founded in 1940 at Louisiana State University School of Medicine, and is composed of members of the junior and senior classes who have made certain scholastic achievements. The chief purpose of the society is to consider topics and problems pertaining to the subject of general medicine and its allied specialities. This is accomplished by discussions and by the hearing of guest speakers at meetings throughout the year. At a banquet terminating the school year, an award is given to a senior member of the society who has demonstrated those qualities most desirable in the practice of medicine.

The 1954-55 edition of the LSU Tigers, under the football-tutelage of Gaynell "Gus" Tinsley for the seventh straight year, won five and lost six while meeting 11 top-notch foes, one Saturday after another without an off date. This wasn't quite as good as their 5-3-3 record for the '53-'54 season.

The Tinsley men lost to Alabama, Ole Miss, Mississippi State, Texas, Kentucky and Georgia Tech while posting wins over highly-rated Florida, Southwest powerhouse Texas Tech, Chattanooga, mighty Arkansas, and traditional rival, Tulane.

The Arkansas battle really showed Tiger spirit as a bunch of injured and crippled Bengals beat the conquerors of Ole Miss, 7-6. Ole Miss eventually wound up in the Sugar Bowl.

The Tulane game was a real thriller. Despite a wet field, LSU won over the Greenies for the fourth straight year, thus keeping the "rag."

Harsh criticism ensued the rather dismal football season and LSU authorities announced a shakeup in the athletic department, firing head-coach Tinsley and accepting T. P. Heard's resignation. Named to succeed Tinsley was Paul Dietzel, assistant coach at West Point.

Highlight of the dark season was the naming of Sid Fournet to practically every major All-American first team, and the selection of Joe Tuminello to the second-string All-SEC.

# ALL AMERICAN

ALL AMERICAN SID FOURNET

Probably one of the greatest tackles to play for the Old War Skule, Sid Fournet, bright light in a dark football atmosphere, brought fame aplenty to his Alma Mater by being selected on virtually every major All-American team in the country. Only the Associated Press failed to pick him on their first team. The AP elected him to a second-string berth, however.

Sid was named to a second-string spot on a host of All-American squads last year, but realized his ambition this year, being hoonred with a first team position on the mythical "dream teams" of *Look*, *Colliers*, *INS*, *NEA*, *UP* and others.

His line-play was nothing short of terrific. Outstanding as a tackler, his blocking feats were masterful and flawless. Opposing ball-carriers thought twice before agreeing to crack the right side of the LSU line.

The 225-pound, four-year letterman received the Ruffin G. Pleasant award for being team captain; the Roberts and Eastland Trophy for the most valuable player, and the George M. Wallace Award for the Tiger having played the most minutes during the season.

The former Bogalusa Lumberjack star made an appearance in the Senior Bowl Game, leading the South to a 12-6 victory over the North.

Fournet, who closed out his LSU playing days with a superb performance against Tulane, made first string on every All-SEC team chosen.

## TIGERS ROPED BY MAD LONG-HORNS, 20-6, IN SEASON OPENER

NO JUSTICE: Big Lou Deutschmann tears off a 16-yard gain against Texas on the opening play, only to have the run called back. Joe Tuminello and Sid Fournet are in the right background.

DICKIE PRESCOTT

MEMORIAL FIELD, Austin, Texas, Sept. 18—The maddened Texas longhorns got revenge today for a 20-7 loss dealt them last year by Gus Tinsley's Tigers, when they grinded out a methodical 20-6 win over LSU beneath typical blue and ideal Texas skies.

Making good the boast that all things are bigger and better—and rougher in Texas, Texas' All-American candidate, Charlie Brewer guided the massive Texas line and alert backs in a splendid performance. Brewer, Don Maroney and Delano Womack scored for Texas, and the issue was never in doubt.

The only thing the Tigers had to shout about, in the way of scoring, was Vince Gonzalez' long jaunt. Al Doggett, faking nicely and calling good signals, had his two mainstays "Chuck" Johns and "Chico" Gonzlaez in fine form. On alternating attempts they took well-executed handoffs and romped for sizeable yardage, to the Texas 44 early in the second half. Then Doggett jammed a well-placed handoff into Gonzalez' chest and yelled "go." With hardly any blocking the obliging Gonzalez jack-rabbited to a touchdown.

Fumbling plagued the tigers, but their line play was impressive. Gary Dildy stood out among a host of good linemen including Joe Tuminello, Ed Fogg, Bob Reich, Gerald Schwalb and Sid Fournet.

Brewer and Jones made the extra points for Texas; Tommy Davis fell short on his try.

ROLLAND HOOVER

Vincent "Chico" Gonzalez breaks off tackle for a short gain against Texas. Charlie Brewer, Longhorn quarterback, gets set to reach out and dump Gonzalez.

SAL NICOLO

LSU's Tigers showed shiny cleats and sparkling white jerseys, but nothing more, and as a result Alabama's Chrimson Tide engulfed them to the tune of 12-0.

An eagerness to get into the Tide secondary, poorly executed plays, miserable tackling and a general lack of effectiveness hampered the Bengals and they spent most of the night in their own territory.

Alabama just had too good a passing attack, and when they didn't rely on such passing, their running game looked like a million dollars. The Tigers were lacking in both departments.

Bama's ace down-under man, Bart Starr, passed 15 yards to "Corky" Tharp for the first TD. Cecil "Hooty" Ingram took a pitchout from sub-quarterback Ollie Yates on his own 31, kiting down the sidelines unmolested for 69 yards are, they realize why he's a probable All-American choice. The home fans got their first look at Sid Fournet this season, and chances are, they realize why he's a probable All-American choice. Fournet was outstanding in the line as was Gary Dildy and Arnold Alexander. End Joe Tuminello looked good hauling in a pair of passes for 34 yards.

CAUGHT IN AN INFORMAL POSE—these four varsity footballers, Al-American Sid Fournet, Al Doggett, Larry Jones and Gary Dildy.

STOLL FIELD, Lexington, Kentucky, Oct. 2—Finding themselves in the middle of a fumble-filled football contest, the Kentucky Wildcats decided to recover one and turn it into a score, beating the LSU Tigers 7-6, and the clock by 63 seconds.

LSU lost three fumbles and Kentucky four. Dickie Prescott, who played a fine football game, bobbled in the fourth quarter, after it seemed sure that the Bengals had the game in the bag. Kentucky proceeded to drive down field, score, and make the extra point, with a minute and 3 seconds remaining.

Chuck Johns set up the first Tiger marker with a sizzling 59 yard punt return. From the 16, O. K. Ferguson got 5 yards in two tries and Don Stinson went for 8 to the one-yard line. Ferguson did the honors. For once, Al Doggett missed the extra point.

Dick Mitchell scored the Kentucky touchdown.

It was the third straight loss for the Tigers whose passing game was way off par. Doggett and Johns combined to throw a total of 8 passes, completing only one. Dickie Prescott looked very good running 15 plays and eating up 61 yards for a 4.0 average.

The Tigers' running attack looked better against Kentucky than it has looked all year statistic-wise, as they picked up 158 yards on the ground compared to 168 for the 'Cats.

## SPEEDY GEORGIA TECH TOO MUCH FOR LSU, TUMBLE TIGERS IN FREE SCORING TILT, 30-20

GRANT FIELD, Atlanta, Georgia, Oct. 9—The Georgia Tech Yellow Jackets stung the LSU Tigers with two deadly damages—speed and razzle-dazzle—here this afternoon to grind out a high-scoring 30-20 victory.

The Bengals took a 6-0 lead in the second quarter when “Chuck” Johns, attempting to sneak over from the two-foot line, fumbled and John Wood recovered in the end-zone. Al Doggett’s kick was blocked.

Al Doggett flipped a 21-yard pass to Joe Tuminello to set up the second tally. Vincent “Chico” Gonzalez took it over from the one-yard line. Joe Tuminello scored the final LSU touchdown, taking in a well-thrown pass from Al Doggett, amidst two Tech defenders. Doggett converted twice.

Billy Teas, Georgia Tech’s leading runner, peeled off the game’s longest run, a 77 yard sprint into scoring territory early in the second quarter, following the first Tiger score. Larry Ruffin, Henry Hair, and Jimmy Thompson scored for the Yellow Jackets on a 8-yard pitchout run, a 37-yard pass play, and a 15-yard end sweep, respectively. Billy Teas and Don Grant kicked goals after Tech’s TD’s.

Al Doggett received what Atlanta sportswriters called the biggest standing ovation given an opposing player in quite some time, as he jogged off the field in the fourth quarter. Doggett’s touchdown pass to Joe Tuminello marked the second time since 1950 that an opposing team has scored through the air against the Yellow Jackets. It was also the first time since 1950 that a team has scored thrice on Tech in regular season play.

Stellar tackle play by Gary Dildy and Sid Fournet, good defensive guard play by Ted Paris, and exceptionally alert end play by John Wood and Joe Tuminello featured the contest.

## TIGERS SHIFT INTO HIGH GEAR IN LAST QUARTER TO SQUELCH RED RAIDERS, 20-13

TIGER STADIUM, Oct. 16—"Chuck" Johns, who scored a touchdown in each of the second and third quarters only to see Texas Tech tie it up on snazzy lateral plays, took complete charge of the Tiger football machine in the last quarter and almost single-handedly drove it to a well-deserved 20-13 victory.

It was L.S.U.'s first win of the season.

The winning marker came, after a down to the wire race with the clock, with just 49 seconds left.

Sweeping in from the plains of Lubbock and west Texas, the Red Raiders were literally corralled by the stout Tiger defense, but scored twice on a couple of eye-deceiving lateral plays.

Johns got his first touchdown in the second quarter as he made his way over right guard from the Tech 3. Doggett missed the conversion. Johns had set up this score with a quick smash over right tackle for 17 yards, earlier in the drive. In the third quarter, Johns ripped through left guard from the 3 again. This time, Doggett kicked goal and the Tigers led, 13-0.

Lonnie Graham and Jim Sides scored for Tech via lateral plays when it appeared as if Tiger tacklers had stopped the Texas ball carriers. Sides' lateral play covered 71 yards. Rick Spinks converted for the visitors.

In the fourth quarter, the Tigers took a short Tech kick on their own 38. Keeping on the ground, they moved down to the one-yard line.

Johns skipped over the Raiders' left side for the clincher. Doggett converted for good measure.

Levi "Chuck" Johns gallops around right end in the Florida game as All-American Sid Fournet and Lou Deutschmann take out the interference.

TIGER STADIUM, Oct. 23—The LSU Tigers continued on the comeback trail when they upset the heavily-favored Florida Gators, 20-7, for their first SEC win. It was the first SEC loss for the Gators, who had previously won three conference games in a row.

The Bengals put on one of their sharpest performances of the season as Al Doggett, with his nifty passing, and Chuck Johns, with his gazelle-like dashes, thrilled a crowd of approximately 25,000. Doggett pitched a dozen times, hitting on six occasions for a total of 98 yards through the air, and setting up all three scores. Johns carried 11 times for 61 yards and a 5.6 average. Vincent Gonzalez and Joe May also looked good in the running department for the Tinsley-men.

In the first period Doggett passed from his own 40-yard line to the Florida 30, where end John Wood made a nice catch. Gonzalez and Turner alternated in carrying the oval to the enemy 18. At this point Chuck Johns hauled in a pitchout and scooted to the two-yard line. Gonzalez smashed right guard for the tally. Doggett converted from placement for a 7-0 lead.

The Tigers continued to play heads-up ball in the second half. They took the kickoff on their own 26, scoring in just 12 plays. Highlighting the drive was a 30-yard heave from Doggett to "Chico" Gonzalez. Doggett called his own signal from three yards out, plunging over for the TD. He converted again and the Tigers led 14-0.

Doggett engineered the final touchdown with a 32-yard aerial to halfback Don Stinson on the Florida 33. Joe May peeled off a 32-yard gain to the one from where Dickie Prescott sneaked over.

Florida scored on a 14-yard run by Brodsky. Bass kicked the extra point.

Al Doggett holds on for dear life to score in the Florida tilt. Teammate Ted Paris (on ground to right) seems to be patting him on the back.

LEMME SEE!—says guard Enos Parker (60) and halfback "Chuck" Johns (29) as Ivan Camp (53) brings down Ole Miss right-halfback, Allen Muirhead.

TIGER STADIUM, Oct. 30—The Ole Miss Johnnie Rebs played the part of "spoilers," downing the LSU tigers 21-6 before the old grads and a crowd of 46,000, largest turnout in Tiger Stadium this season. Eagle Day, Reb T-man, seldom passed but when he did he meant business, hitting on five of seven attempts for 119 yards. The other Reb quarterback, Houston Patton, did a clever job of ball-handling and scored one himself.

Bad breaks, along with sloppy pass defense, spelled doom for the Tigers, who couldn't push across a score until the clock showed only 41 seconds remaining to be played. The usually effective passing of Al Doggett was not to be found as he completed just two of ten passes for 42 yards.

Ole Miss left tackle, Billy Yelverton, scored on a fluke play, grabbing a fumble in the air off the arm of Al Doggett who had faded to pass, and racing 14 yards for the 6-pointer. Jimmy Patton sped 14 yards with a pitchout for the final Reb touchdown. Jimmy Patton kicked the trio of extra points.

Sub-quarterback Matthew Burns passed 16 yards to end Sammy Murphy for the Tiger points, as time was running out in the final quarter.

Lou Deutschmann and Dickie Prescott were the leading ground-gainers for the Old War Skule. Big Lou carried seven times for 31 yards and a 4.5 effort. Dickie Prescott sported a 8.6 average, netting 60 yards in seven tries.

## LSU TIGERS TAKE MEASURE OF LOWLY CHATTANOOGA MOCCASINS BY 26-19 COUNT

TIGER STADIUM, Nov. 6—The Chattanooga Moccasins afforded the LSU Tigers some tough leather to chew on, tallying three TD's and tying up the ball game in the fourth quarter to somewhat frighten the astonished locals. But the Bengals woke up in time to shove across that game-winning touchdown and best the oft-beaten Chattanoogaogs, 26-19, in a weird football fracas witnessed by only 11,000 screaming fans.

LSU led 19-0 until the fourth quarter barrage put on by the Tennessee boys, who drew the cheers and praise of even Tiger followers, by their courageous and lightning-like play.

In the first quarter, LSU moved 62 yards in 10 plays, Al Doggett hurdling over from the one. Dickie Prescott got the second score on a three-yard plow through center. End Sammy Murphy set up the third score by recovering a 'Nooga fumble on the Moccasin one-yard stripe. Don Stinson bull-doized across from there.

The visitors scored thrice in 8 minutes in the frantic fourth quarter. An 8-yard pass from Dick Durham to Bill Slaudenmaier, Jerry Ward's 10-yard scoot up the middle, and a short buck by Durham furnished the Chattanooga scoring.

Displaying neither pride nor prejudice, the Tigers simply swarmed back. Al Doggett spied Vince Gonzalez in the Clear on the 2 and flipped a long spiral that the swarthy half-back took on the run for the clincher.

Dick Young kicked the Moccasin extra point and Al Doggett converted for the Tigers.

# MISSISSIPPI STATE MAROONS APPLY KALSOMINE JOB TO TIGERS, 25-0

TIGER STADIUM, Nov. 13—A fast moving halfback named Arthur Davis treated the LSU Tigers like cousins, scoring four times in his team's 25-0 shellacking of the Bengals before 20,000 fans.

LSU just couldn't get going. To make it worse, State picked two passes out of the air and turned them into scores. Davis, brother of Harper Davis who also plagued the Tigers while running wild for the Maroons a few years back, scored on runs of two, six, and one-half yards. He also intercepted a Win Turner pass, bringing it back 35 yards for a touchdown.

This marked the third straight year the Maroons have bested the Tigers.

Early in the fourth quarter, Jerry Adams, Rolland Hoover and Don Stinson pitched in to take the pigskin down to the enemy 8-yard line. The attack bogged down here, however and State took over on downs.

Despite the fact that LSU couldn't get a sustained drive rolling, Jerry Adams carried 12 times for 62 yards and a 5.2 average per carry. O. K. Ferguson rambled seven times for 31 yards and a 4.6 effort. Dickie Prescott showed a 5.6 running performance, picking up 23 yards in 4 tries.

A Tiger gets piled up—and an awe-struck official watches

Rarin' to go—L.S.U.'s two "stoppers," Jarrin' Joe Tuminello and Sid Fournet.

FAIR GROUNDS STADIUM, SHREVEPORT, LA., Nov. 20—A bunch of injury-riddled LSU Tigers forgot how good the Arkansas Razorbacks were supposed to be and played a slam-bang football game, upsetting the favored 'Porkers 7-6 before 33,000 amazed fans.

The Tigers just wouldn't be denied. They treated the vaunted Arkansas single-wing with gross disrespect, while enjoying comparatively good fortune with their T. End Joe Tuminello, in one of his best efforts, harassed the Arkansas passers and stopped their famed end runs cold. Big Sid Fournet paved the way for quick-opening thrusts by O. K. Ferguson, Joe May and Vince Gonzalez, with the latter playing his best defensive game of the year. In short, all the Tigers played great ball.

Arkansas scored first early in the second quarter. A fourth-down 12-yard pass from Buddy Benson to Billy Lyons clicked for the 6 points. Benson then dropped back to kick the placement but failed.

With just 28 seconds left in the first half, LSU scored. Fine runs by Joe May and short passes by Al Doggett put the Tigers on the Pig 4-yard line. Levi "Chuck" Johns then slid off right tackle into paydirt.

A bit of suspense occurred on the try for extra point. Don Stinson, holding for the PAT, fumbled the pass from center but recovered it in time to watch Al Doggett sail the ball through the uprights for the extra point and a well-deserved 7-6 victory.

The second half saw LSU giving the Razorbacks numerous scoring chances via fumbles. But the keyed-up Tiger line repulsed threat after threat to come out with their fourth win of the season.

The gaint-killing Bengals amassed 227 yards rushing and 40 passing, while holding Arkansas to a mere 103 yards on the ground and 58 in the air.

## LSU CLOSES THRILLING SEASON WITH THRILLING WIN OVER ARCH-RIVAL TULANE GREENIES, 14-13

PENNY THIBODEAUX

TULANE STADIUM, New Orleans La., Nov. 27—LSU's heavily favored Tigers spotted the Tulane Greenies a 13-0 lead in the first half, amidst sprinkling showers and dreary skies. But the sun came out in the second half and the Bengals did likewise, pushing across two scores and converting successfully twice for a 14-13 triumph.

Earl "Win" Turner stepped into the QB slot and did a magnificent job for LSU. He threw 14 passes, completing 8 for 92 yards and 2 touchdowns. The Green Wave scored on runs of 33 and 1 yards respectively.

Willie Hof, a slight swivel-hipped 130 pounder, scored first for Tulane when he grabbed a pitchout from wave quarterback John Caruso and out-distanced the secondary for 33 yards and a touchdown. Win Turner's dive at the speedster on the Tiger 23, just missed. Emmett Zelenka converted as Tulane led 7-0. Minutes later, Charlie Pittman recovered a Turner bobble on the LSU 18. Otis Gilmore and Fred Wilcox took the pigskin to the 11 on alternating carries. A pass and a penalty put the ball on the 1. Ronnie Quillian, Baton Rouge boy, took it over. The conversion attempt was no good.

Gus Tinsley must have sounded like Frank Leahy at half time for his proteges roared back. Win Turner, pass-master deluxe, pitched 27 yards to "Chico" Gonzalez who made a remarkable catch on the Greenie 3 yard line to set up the first score. Ferguson lost 4 on the next play but Turner hit Joe Tuminello from the seven on the next play, and they trailed, 13-6. Al Doggett calmly converted.

Midway in the final period, Tiger strategy came into its own. Vincent "Chico" Gonzalez took a lateral and dropped back to pass. It was his first toss of the season and a beauty that end John Wood grabbed in on the Tulane 12. The play covered 45 yards. Chuck Johns then knifed off guard for three precious yards to the 9. Win Turner spotted Joe Tuminello on the 2, pegged him with a perfect strike and the big end scampered across standing up.

Al Doggett coolly backed up and booted a perfect kick for the extra point and a 14-13 win.

Absence of such notables as All-American Bobby Petit and cagey Playmaker Benny McCardle was very conspicuous, and the Bengal Tigers of LSU posted a record of 6 wins and 18 losses, a victory famine compared to their outstanding 21-6 record of last year.

But Coach Harry Rabenhorst, in his 29th year as head basketball mentor, with the capable assistance of assistant coach John Chaney guided the Tigers through a season sparked with hustle, determination and spirit, if not with victories.

Faced with the return of only nine lettermen including regulars Don Belcher, Ned Clark and Norman Magee, the problem was to find the best five boys for the job.

Roger Sigler proved to be the Tiger "dark horse." Sigler, sophomore sensation and leading scorer, sparked a quintet that boasted such fine personnel as Norman Magee, Ned Clark, Jim McNeilly and Joe Fahey.

Sigler was perfection. His rebounding and set-shooting were excellent. Against the Tulane Greenies the first time, the Bengal ace poured 14 straight foul shots through the hoops, missing not a single one. Ned Clark was shifted to center to provide added height for the locals, who were badly in need of it. Clark's rebounding and rough-and-tumble play under the basket showed the fans the reason he is regarded as one of the top players in the SEC. As usual Norman Magee was steady and dependable at the guard position.

THE SIMLING SEVEN — Norman Magee, Don Sebastian, Don Belcher, and Jim McNeilly, Coach Harry Rabenhorst, Bil Lee, Ned Clark.

Clark leaps high on a jump ball

Don Sebastian, Tiger whiz, played quite a bit of stellar ball toward the end of the season and broke into the starting lineup. His performances against Kentucky, Tulane and Alabama were fabulous. In the 'Bama game, he netted 19 points.

Don Belcher, Bill Lee, Troy Rushing, Paul "Whitey" Zinser, Les "Skippy" Jones and Charles Whitehurst, all aided the Tiger cause.

In one of the most exciting games played in the John M. Parker Agricultural Center in some time, LSU bowed to the kingpins of basketball, the Kentucky Wildcats, 64-62, but not before a packed-house nearly passed into hysteria over the expert shooting, fine ballhawking, and smooth floor-game demonstrated by the home-team.

All in all, the sincere will-to-win attitude permeated every contest, and the Tiger hoopsters of 1954-55 were one of the finest-spirited aggregations ever to don the Purple and Gold of LSU.

THE "MASHER" IN ACTION!—Crowe Peele, LSU heavyweight, taps NCAA and Pacific Coast Champ, Gordy Gladson, of Washington State with a left and gets set to blast him with a cocked right hand.

THEY BROUGHT HOME THE "SUGAR"—Pictured above are the mittmen of Coach J. T. Owen, who won the Sugar Bowl Boxing Tourney with a 7-1 victory over Maryland. They are (kneeling), Bobby Pizarich, "Wild Bill" Clayton, Johnny Stiglets, Bobby Freeman. Standing are Bobby Jackson, assistant coach, Andrew "Moo Moo" Sciambra, Gary Bowden, Crowe Peele, Lou Deutschmann and Coach James T. Owen.

Assistant Coach Bobby Jackson, former Tiger warrior and NCAA 132-pound finalist.

Student Manager Jack M. Johnston hangs up the gloves after another LSU victory.

Proving the old maxim that fighting at home is at least one round in your favor, the LSU mittmen swept through six straight dual meets with out a defeat.

At the time of this writing, the boxing team was preparing for a road trip with Oklahoma, Wisconsin, and Houston. The culmination of it all was to be the NCAA Tournament slated for Pocatello, Idaho, April 1-3.

Beginning with the Sugar Bowl held in New Orleans, which could be considered a "home" bout, the boxers of Coach J. T. Owen registered successive wins over Maryland, Oklahoma, Virginia, Houston, Idaho State and Washington State.

The season was marked by the visit from the Houston Cougars, coached by former LSU boxer, Danny Orsak. The home team treated the Orsak-tutored Cougars like they had a priority on their boxing talents, slapping them 8-0, in their finest showing.

Coach J. T. Owen began his ninth year at the head of boxing fortunes here at LSU. The "brain behind Tiger brawn" was helped along by excellent performances from Bobby Freeman, Johnny Stiglets, Johnny Dusenberry, Andy "Moo Moo" Sciambra, Bobby Pizarich, Bill Clayton, Gary Bowden, and Crow Peele.

Freeman continued his steady and popular brand of fighting. Johnny Stiglets earned the title of "unofficial" 132-pound champion by besting Vince Palumbo, last year's NCAA titlist. Johnny Dusenberry, out of Tulsa, Oklahoma, gave the fans a look at a rough-house, fast-and-furious type of boxing. Andy "Moo Moo" Sciambra put on dazzling exhibitions of ring prowess, bobbing, weaving, and in general fighting his way into the hearts of Tiger followers. Bobby Pizarich used the counter-punch to best advantage, scoring six straight victories. Bill Clayton got his long-sought victory and one to boot. He also fought some good draws. Gary Bowden became a TKO artist, getting four. His slow starts climaxed by fast third-round finishes furnished many a thrill in the Ag Center. And Crow Peele—well Crow Peele beat two NCAA champs. The literally "murderous" Peele had trouble finding opponents worthy of his talents. And when he did find "capable" foes, they didn't last long.

So went the story of LSU's pugilists of '55.

## T R A C K

As we go to press with the Annual, the LSU tracksters are preping out on the cinder paths for the 1955 track season.

The Bengal harriers will engage in two triangular meets, four relay meets, two dual meets and the annual Southeastern Conference Track and Field Meet.

The thinclads of Coach Al Moreau open the season March 19 at College Station, Texas, opposing Texas A&M and Rice in a triangular meet. The finale will be at Birmingham, May 20-21, in the form of the Conference meet.

Four relay meets will highlight the schedule, including the Florida relays at Gainesville, the Southwestern Relays at Lafayette, the Drake Relays at Des Moines, Iowa, and the Southern Relays at Birmingham.

Dual meets have been arranged with Tulane's Greenies and the Mississippi State Maroons.

Baton Rouge will be the scene of only one meet this year—that a triangular event featuring Mississippi Southern, Loyola, and LSU on April 9.

## G O L F

Before the start of the current golf season, each one of Coach Mike Barbato's linksmen vowed to win a tournament first place.

As of now, three of the Tiger golfers have kept their word. Johnnie Pott, junior, was the first Bengal to pick up tournament laurels, grabbing a first place in the Baton Rouge Amateur Open. In this tourney, Tommy Beard placed fourth and Scotty Frazier finished fifth.

Then Scotty Frazier came through to take honors in the Gulf Coast Open in Gulfport, Mississippi. Finally, Jimmy Mangum picked up a first place in the Shreveport Country Club Invitational Tournament. As if one title weren't enough, Pott came back to blast a sizzling 68, new record for the course, and capture the "Crayfish" Tournament at Napoleonville.

Twice during the season, the golfers bested Tulane's golfers by large scores.

At this writing, the Tiger linksmen are currently leading the field in the Southeastern Conference Golf Tournament.

Though the Bengals lost Eddie Merrins and Tommy Morrow, two of the best golfers of the South, Coach Barbato can heap nothing but praise on such top-notch performers as Captain Cecil Calhoun, Tommy Beard, Scotty Frazier, Jimmy Mangum, David Rheams, and Johnnie Pott.

Left to right: Coach William T. Robinson, Milton Walker, Ronald Fenasci, Pat Scanlon, Benton Preslar, Buddy Tudor, Captain, and Hugh Baxley.

## T E N N I S

The LSU Tennis team, minus four star players, will have to play a lot of good tennis to come up to last year's record of nine wins, one loss and a second place in the Southeastern Conference Tournament.

Coach W. T. Dub Robinson lost Captain and No. 1 player Charley Pitts, No. 2 man Paul Young, No. 3 player David Rosenbaum, and No. 5 ranked Otto Engleman.

However, he has returning veterans Ronnie Fenasci, Buddy Tudor, Benton Preslar, Walter Cockerham and Milton Walker. Fenasci and Preslar are the fourth and fifth ranking SEC players. Cockerham is the 1954 Baton Rouge Men's Singles Champion. Walker is a returning service veteran and a former No. 1 Varsity player. Tudor is this year's captain.

With a little luck, Coach Robinson's boys could come through on top and thus end a losing streak to the Tulane Greenies that has plagued them for three years.

## B A S E B A L L

As we write this, the 1955 LSU baseball team is just two games away from completing one of its most disastrous and win-less seasons. Coach Harry Rabenhorst's warriors just haven't been able to come up with a winning combination, but they have demonstrated hustle and determination to win in spots.

High mark of the season was big Lou Deutchmann's grand slam home run that spelled victory over the Tulane Greenies and broke an 11-game losing streak. Inspired by this, the rest of the Bengal team went on to take the second game of the Tulane series—so things weren't so bad after all!

Seniors Jimmy Choate, Irv "Bing" Delatte and Tommy Virgets played their last games for the Old War Skule.

## THE WESLEY FOUNDATION

The Wesley Foundation, the organization of Methodist preference students on campus, has a philosophy of administering to the "whole" student—that is, we feel that our first duty is to strengthen the spiritual side of the student, but at the same time, we recognize the importance of the social and intellectual phases of his life.

With this aim in mind the Wesley General Council composed of thirty students working with the Director, Rev. Mr. Ray deHainaut, try to provide a program that will fill the needs of the most students.

To illustrate a typical week's program: on Sunday, Church School for the four college classes, worship service at University Methodist Church, student-prepared supper, vespers, "Camaraderie" fellowship after church; on Tuesday, the Philosophers' Study Group; on Wednesday, speakers, forums, and discussions with the purpose of interpreting the Christian faith on the college campus; on Thursday Bible study; on Friday, "Guys and Dolls" also "How-to-Do-It" time; on Saturday, Wesley Choir rehearsal.

In addition we have: regular monthly parties with themes like, "Olympic Party," "Circus Party," "Skits-o-frenia," and "Secret Love" Party; cell groups; deputations to local churches; Wesley Wonders, the athletic teams; dramas by the Wesley Players; the first Wesley yearbook; two annual retreats; the *Wesleyan*, the student newspaper; and the Student Lounge and TV room for relaxation.

Conferences attended by group members this past year include: Regional Conference, State Retreat, Washington Citizenship Seminar, and State Conference.

Sharon Cohen, Carol Moskovitz, Billy Levine, Bob Bahcall. Standing: Jules Dante, Toots Marcus.

The LSU Hillel Foundation serves Jewish students as a religious and educational agency on the campus. It is sponsored by B'nai B'rith, America's largest and oldest Jewish service organization.

Services are conducted at the Hillel House every Friday night. Outstanding Jewish leaders from Louisiana and other states, University professors, and religious leaders from other denominations have participated in the services. Religious holidays and festivals are also celebrated. Included within Hillel's activities are cultural, interfaith, social service, and social programs.

## WESTMINSTER FELLOWSHIP

The Westminster Fellowship of LSU is sponsored by the Presbyterian Church, U.S., for the training of its college youth. Its organization is patterned after the government of a local church. Like the church, its governing bodies are a Session, concerned primarily with spiritual matters; and a Board of Deacons, concerned primarily with temporal matters. This is an organization for all Presbyterian students to: (1) help them achieve a mature Christian faith by relating it to their intellectual development, (2) prepare them for adult churchmanship and Christian leadership, (3) furnish college associations of a high moral and cultural character, and (4) provide friendship, fun, worship, service, and leadership opportunities.

Standing, left to right: Jan Dunlap, Charlotte Reynolds, John Linder, Mary Lou Wellborn, Austin Flint, Margaret Vick, Jules Laine, Berneita Main, and Bob Power. Seated: Joe Ellingson, Mary Sue Berry, Mrs. Hollis Hayward, and Lois Landess.

The YMCA was founded at the University of Virginia in 1856, at L.S.U. in 1892; the YWCA was founded at Illinois Normal in 1873, at L.S.U. in 1913. The purpose of the YM-YWCA is to unify and to supplement the activities of student centers by offering additional opportunity to L.S.U. students for worship, action and study designated to meet spiritual desires and needs.

This year was the anniversary of the "Y's" founding, and, in celebration of its centennial, the YM-YWCA at Louisiana State University planned a successful and varied program: dormitory candlelight services each week; intercollegiate conferences, intercollegiate Y activities, freshman clubs and camp, informal parties, international friendship suppers, and homecoming decoration participation. In addition to these organized campus activities, the doors of the "Y" have been open for meetings to any organization on campus for games of ping pong, and for magazine and book browsing.

## VETERANS' CLUB

Boasting veterans from the last three major wars, the University Veterans' Club is the newest and largest men's organization at LSU. The club was founded to assist veterans with the problems attendant to their return to school and to provide them with an opportunity to participate in organized social, recreational and athletic activities.

During the Club's first year it was one of the most active groups on the campus. Beside the numerous activities it sponsored for campus veterans, the club was also instrumental in promoting greater student interest and participation in campus affairs and in enhancing the reputation of the university.

With the anticipated increase in veteran enrollment, it is expected that the University Veterans' Club will provide an even greater and more varied program of activities suited to the interests of campus veterans and will continue to be a constructive voice in campus affairs.
